2022 The Mullianna Vineyard

This vineyard is adjacent to the Mullianna wetland, on the Bremer River, about 2 km downstream of the winery. The vineyard was planted in 2006 to Potts' selection and like many of the red grapes grown at this site, produces rich, balanced wines with moderate alcohol and a seamless palate.

Medium to full bodied, the wine shows great promise as the vines reach maturity, dense powerful and well defined. Decanting one hour prior to drinking is recommended.
